

SOURAV S

Executive – Platform Operations & Support

soura147as@gmail.com | +91 9886415168 | Bengaluru, Karnataka

PROFESSIONAL SUMMARY

Proactive operations and support professional with 2+ years of experience spanning EdTech platforms, community management, NGO outreach, and data-driven project work. Skilled in multi-channel user support (WhatsApp, CRM tools, email), platform quality feedback, and stakeholder communication. Proficient in AI productivity tools (ChatGPT, Claude), Canva, Google Workspace, and Salesforce CRM. Multilingual communicator (English, Hindi, Kannada, Telugu) with a user-first mindset and a passion for social impact in the health sector.

WORK EXPERIENCE

Social Outreach Executive

PFA – People for Animals | 2025 – 2026

- Delivered offline awareness and engagement sessions for schools and colleges across Bengaluru, managing live community events with diverse audiences — directly relevant to end-user support and platform adoption.
- Coordinated event logistics end-to-end: scheduling, on-ground execution, and post-event follow-ups across multiple stakeholder groups.
- Built relationships with institutional stakeholders (school principals, faculty, student bodies) to drive participation and community trust — mirroring partner and user relationship management in platform support.
- Handled member queries and concerns in real time, demonstrating patience, clarity, and a user-first communication approach.

Community & Social Media Engagement Executive

Freelance | 2025 – Present

- Managed WhatsApp and Telegram communities - handling member onboarding, engagement campaigns, and resolving member concerns promptly across multi-platform channels.
- Tracked member engagement metrics and compiled structured feedback reports to improve community strategies and user experience.
- Coordinated timely promotional communications and announcements to community members, ensuring consistent and seamless information flow.
- Utilised Salesforce CRM to maintain client interaction records and ensure consistent follow-up on open queries - directly transferable to Fresh Chat/helpdesk ticket management.
- Leveraged AI tools (ChatGPT, Claude) and Canva to create support materials, FAQs, and engagement content, improving team productivity.

Junior Project Fellow

IWST – NMPB Project (Junior Project Fellow) | 2023 – 2025

- Collected, organised, and maintained detailed project datasets using Excel, ensuring high data accuracy and timely reporting to senior researchers.
- Coordinated with cross-functional teams (research leads, admin staff) for seamless project execution and documentation - mirrors tech-team collaboration in platform operations.
- Managed stakeholder communication, addressing queries and providing timely updates to maintain strong professional relationships.
- Prepared structured progress reports and documentation logs to guide internal strategies — applicable to platform issue tracking and user support manuals.
- Supported community outreach and engagement activities during Karnataka-wide fieldwork, demonstrating adaptability and interpersonal strength.

EDUCATION

Master of Science (MSc) – Anthropology

Manasa-Gangotri Campus, Mysore University | 2022 – 2023 | CGPA: 8.25

Bachelor of Science (BSc) – CBZ

National Degree College Basavangudi, Bengaluru | 2017 – 2020 | CGPA: 7.0

CERTIFICATIONS & ACHIEVEMENTS

- Certified Ethical Hacker (CEH) – demonstrates structured learning, tech awareness, and commitment to professional growth.
- Maintained 100% documentation accuracy across all project phases at IWST, contributing to on-time submissions.
- Grew WhatsApp community engagement by proactively sending structured weekly updates and resolving member queries within 24 hours.
- Supported cross-departmental collaboration between 3+ teams, improving inter-team communication and reducing reporting delays.
